FOR IMMEDIATE RELEASE

April 28, 2008 (INDIANAPOLIS)- Cripe Architects + Engineers' president and chief operating officer Fredrick J. Green and senior vice president Dennis Southerland have been named to the Cripe Charitable Foundation, Inc., according to an announcement made today by Alex D. Oak, board member of the Cripe Charitable Foundation, Inc. and chairman and chief executive officer of Cripe Architects + Engineers.

"Both with their leadership of Cripe Architects + Engineers and their significant community involvement, Fred and Dennis will be strong additions to our Foundation board," said Oak.

Green added, "As a firm, we expect our leaders to help make our community a better place. Hopefully, Dennis and I will lead by example."

The Cripe Charitable Foundation, Inc. was founded in 1987 in honor of both Cripe Architects + Engineers' founder, Mr. Paul I. Cripe, and the firm's 50th anniversary. The Foundation supports educational and child-related not-for-profit organizations within our community. To date, the Foundation is proud to have donated close to \$700,000 to such organizations.
