FOR IMMEDIATE RELEASE

CRIFE ARCHITECTS + ENGINEERS MOVES TO NEW OFFICE

June 24, 2008 (INDIANAPOLIS)- Cripe Architects + Engineers has moved into its new office building today, announced president and chief operating officer Fredrick J. Green, AIA, NCARB.

The office building that formerly housed Walker Information is now home to Cripe Architects + Engineers team.

In the new office elements such as recycled content carpet and upholstery have been used, along with energy-efficient lighting; these elements are just a few which helped Cripe to be named a 'Green Business' by the Greater Indianapolis Chamber of Commerce.

"The purposes for this move are threefold: to provide all design services under one roof for our clients, to grow our brand through increased visibility, and to provide a world-class work environment for our team," said Green.

Cripe Architects + Engineers is a minority-owned, Indianapolis-based design firm that was founded in 1937 by Mr. Paul I. Cripe. The firm's 75 employees provide Architectural Design, Interior Design, Medical Equipment Planning, Civil Engineering, Utility Coordination, Land Surveying, Construction Layout, Geographic Information Systems (GIS) and Owner's Representation services to its clients. Its work spans all industries but concentrates in the Health Care, Education, Government/Municipalities, Commercial and Residential markets. Headquartered at 3939 Priority Way South Drive, Suite 400, Cripe Architects + Engineers also has offices in Carmel and Fort Wayne. Cripe Architects + Engineers has also been named one of the "Best Places to Work" by the Indiana Chamber of Commerce in 2006, 2007 and 2008.
