FOR IMMEDIATE RELEASE

August 3, 2007 (INDIANAPOLIS)- Four members of the Cripe Architects + Engineers team have achieved their Leadership in Energy and Environmental Design (LEED) Accredited Professional certification, according to an announcement made today by Fredrick J. Green, AIA, NCARB, president and chief operating officer of Cripe Architects + Engineers.

"Cripe Architects + Engineers recognizes its responsibility to the environment, to our communities and to our clients in furthering energy efficient and sustainable design practices. We are pleased to announce that David W. Wagner, Michael A. Grubb, AIA, Frank E. Hindes, AIA, NCARB and Paula J. Gartner, PE are now all LEED® AP certified ; this team will be leading Cripe's effort in incorporating LEED elements as defined by the U.S. Green Building Council (USGBC) into our design services," said Green.

Cripe Architects + Engineers is an Indianapolis-based design firm that was founded in 1937 by Mr. Paul I. Cripe. The firm's 80 employees provide Architectural Design, Civil Engineering, Transportation Engineering, Master Planning, Land Surveying, Construction Layout, Geographic Information Systems and Owner's Representation services to its clients. Its work spans all industries but concentrates in the Health Care, Education, Government/ Municipalities, and Commercial markets. Headquartered at 7172 Graham Road, Cripe Architects + Engineers also has offices in Carmel and Fort Wayne.
