### **FOR IMMEDIATE RELEASE**

August 23, 2007 (INDIANAPOLIS)- Sara E. Farny, EI has achieved her Leadership in Energy and Environmental Design (LEED) Accredited Professional certification, according to an announcement made today by Fredrick J. Green, AIA, NCARB, president and chief operating officer of Cripe Architects + Engineers.

"With sustainable design and energy efficient practices becoming increasingly more important in our industry, it is important for Cripe to have LEED® AP certified professionals. Sara is joining Cripe's five other LEED® AP professionals to lead the firm's effort of incorporating LEED elements into the design solutions we provide to our clients," said Green.

A Fishers resident, Farny holds a Bachelor of Science in Civil Engineering from the Purdue University.

Cripe Architects + Engineers is an Indianapolis-based design firm that was founded in 1937. The firm's 80 employees provide Architectural Design, Civil Engineering, Transportation Engineering, Master Planning, Land Surveying, Construction Layout, Geographic Information Systems, Owner's Representation and Project Management services to its clients. Its work spans all industries but concentrates in the Health Care, Education, Government/ Municipalities, and Commercial markets. Headquartered at 7172 Graham Road, Cripe Architects + Engineers also has offices in Carmel and Fort Wayne.
