FOR IMMEDIATE RELEASE

CRIFE ARCHITECTS + ENGINEERS OPENS EVANSVILLE OFFICE

September 2, 2008 (INDIANAPOLIS)- Cripe Architects + Engineers has opened its newest office in Evansville, announced president and chief operating officer Fredrick J. Green, AIA, NCARB.

Located in the Old National Bank building on Main Street, Cripe's office will be located in Suite 100.

"As a growth opportunity for our firm, Evansville has been on our radar for quite some time. The leadership at Cripe made a strategic decision several years ago to develop a presence and open offices in key cities outside of central Indiana, and Evansville was one of those cities. It is such an exciting day today as we open our doors to the Evansville community," said Green.

Cripe Architects + Engineers is a minority-owned, Indianapolis-based design firm that was founded in 1937 by Mr. Paul I. Cripe. The firm's 75 employees provide Architectural Design, Interior Design, Medical Equipment Planning, Civil Engineering, Utility Coordination, Land Surveying, Construction Layout, Geographic Information Systems (GIS) and Owner's Representation services to its clients. Its work spans all industries but concentrates in the Health Care, Education, Government/ Municipalities, Commercial and Residential markets. Headquartered at 3939 Priority Way South Drive, Suite 400, Cripe Architects + Engineers also has offices in Carmel, Fort Wayne and now Evansville. Cripe Architects + Engineers has also been named one of the "Best Places to Work" by the Indiana Chamber of Commerce in 2006, 2007 and 2008.
